EDWARD B. FORT
Chancellor

NORTH CAROLINA AGRICULTURAL AND TECHNICAL
STATE UNIVERSITY

GREENSBORO

27411

(919) 379-7940

Greetings:

As Chancellor of North Carolina Agricultural and Technical State University, I want to personally salute you on the occasion of the publication of your annual edition of the "AYANTEE." This outstanding pictorial and narrative review of the University's accomplishments for the past twelve months represents, for all of us, the continuation of a unique history in the life of a unique historically black university.

For a year now, I have served as the leader of this great institution. It has been a time period filled with excitement, challenge, and the continuing specter of developing those programs and procedures necessary as designed to insure the accommodation of this great University's mission. And this mission, in the final analysis, is what we are all about.

Given the reality that the primary mission of this University is that of preparing its students for the advent of a career choice which will enable them to pursue a life of usefulness and productivity in this society of urban and rural heterogeneity - it will continue to be my responsibility, as Chancellor, to cast aside any and all barriers which would obstruct the path in front of us as we move toward the ongoing pursuit of academic excellence on this campus.

You, in your own inimitable style, have done much to perpetuate the grandness of the "Aggie Spirit." You have served as a bulwark of support for this institution which, within the decade, will celebrate 100 years of efficiency.

It is my fervent hope that through the continued publication of "AYANTEE," all of us shall be the beneficiaries.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Edward B. Fort", with a long, sweeping horizontal line extending to the right.

Edward B. Fort
Chancellor

Before we take up the more technical side of our work, we would have you for a moment reflect upon campus situations and campus ideologies from the angles of dedicated and Dedication.

An outstanding American Family came to A&T one year ago—Dr. Edward Bernard Fort, (dedicated to a cause)—The First Lady, Mrs. Lessie Covington Fort, (standing behind him)—Clark Fort the oldest son, and Leslie Fort, daughter—(clothed in dignity and worthy of affection). WE WELCOMED THE FORT FAMILY.

As time progressed, Dr. Fort coordinated and integrated a Fourteen-Point Program:

CHANCELLOR'S FOURTEEN-POINT PROGRAM

1. Maintaining the integrity of a predominantly Black institution
2. Restoration of the University's fiscal integrity through appropriate fiscal accountability procedures
3. Building an effective management team
4. Defining Nursing School options
5. Accommodation of growth in Schools of Engineering and Business and Economics and Division of Industrial Technology while maintaining integrity and growth potential of other Schools, including Arts and Sciences and Education
6. Full blown development of new programs in School of Agriculture
7. Revitalization of recruitment and retention strategies
8. Careful husbandry of resources and planning so as to insure success for new programs authorized for planning by General Administration
9. Careful examination of our Graduate Program potential, and a review of prospects/potential for doctoral planning
10. Increase emphasis upon the need for careful balance between continued development of needed remediation programs and the preservation of academic standards
11. Campus beautification
12. Compliance with Consent Decree
13. Library facilities enhancement
14. New program development/strengthening via Title III funding

Recognizing the necessity for appropriate development of other programs—School Deans, Department Heads, and Students were called together to share ideas. The continuity of Aggie efforts reached new levels of constructive usefulness. As the process of unfoldment continued, Chancellor Fort's Fourteen-Point Program throughout the year, made headway most rapidly and proved to be the centers of excellence.

Suffice it to say, Dr. Fort, you are a born leader. Your first year has been a brilliant demonstration of the applicability of North Carolina Agricultural And Technical State University and its goals—without a distinction between them. The University's growth and development, under your competent administration, is being recorded as a significant contribution toward Higher Education.

It is our sincere hope that you will continue to accept the CHARGE seriously, for in our judgment the important activities for the long-time well-being of this great University must not end.

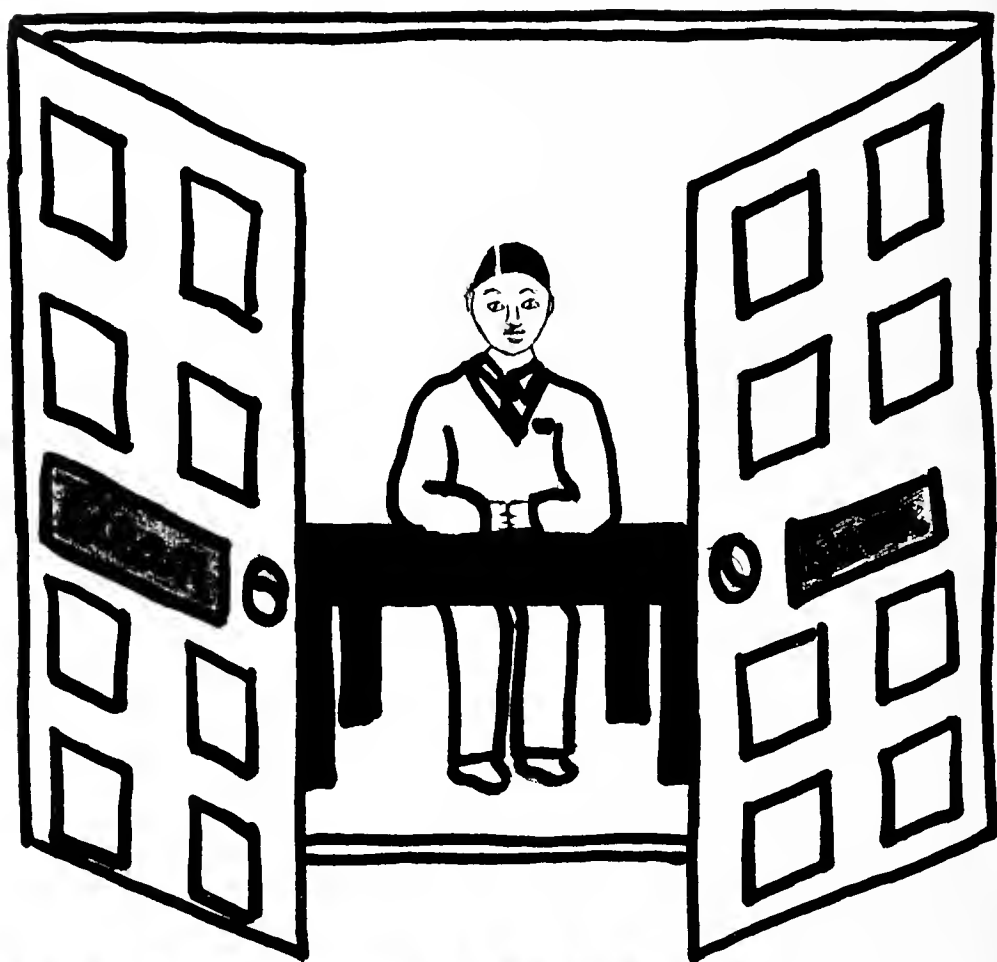

TO YOU CHANCELLOR FORT AND YOUR FAMILY, WE DEDICATE THE 1982-83 AYANTEE WITH SINCERE APPRECIATION AND WITH PROFOUND PRIDE.

CHANCELLOR FORT AND FAMILY

Seated . . . Mrs. Lessie Covington Fort—Standing . . . L to R: Clark Fort, son—Leslie Fort, daughter—and chancellor Edward B. Fort.

The Department of Agricultural and Extension Education prepares students for positions in educational fields in agriculture and related areas including schools and colleges, agricultural extension, business, trade and professional associations, and government agencies. The Department administers a program approved by the State Department of Public Instruction for the preparation of teachers of agriculture in the public school systems. The program includes courses in general education, professional education, and technical education.

The program for Agricultural Education majors leads to the bachelor of science degree in Agricultural Education. The department also offers the master of science degree in Agricultural Education.

Obviously the achievement of curricular goals will vary with each student individually. Some Students of high intelligence and good socio-economic background may assimilate a great deal. Others, less favorably endowed, will assimilate

little. Development of each student to his/her greatest capacity: This is the criterion by which the University will be judged.

FALL SEMESTER CONVOCATION

The Crowning of MISS "A & T" 1982-83

The greatest impact of "Rare Essence—In Aggieldand" will be on the family who work in offices, from the Chancellor down through the ranks of administrators, instructors, professionals and clericals to the newest trainee in the Physical Plant. "Rare Essence—In Aggieldand" in the future will lead to behavioral changes, changes in the way people work and the way in which this University is organized and managed.

We the students of this great University and community alike, have an unprecedented opportunity to participate in the revitalization of "Rare Essence—In Aggieldand," in shaping a campus that will provide a meaningful quality of life for us, for our children and their children's children.

Miss "A & T" 1982-83 says it best and calls "Rare Essence—In Aggieldand," Education in the New Age.

To be a Queen
means to care
to care when someone's hurt
and needs a friend
to care when someone's sad
and needs a smile
to care when someone's down
and needs a lift
to care about your school
your alma mater
your first introduction
to a big, busy booming world

Excerpt from poem written
by: Diane Brame

Dear Fellow Aggies:

As Miss North Carolina Agricultural and Technical State University for the 1982-83 school year, I have experienced times that are truly unforgettable. I have really found that to be a Queen, you have to be able to care when someone is hurt, to give that much needed smile when someone is down, and most of all to care about North Carolina A&T State University.

Becoming Miss A&T was once a small dream, but this year it is a reality. This reality allowed me to see the rare essence that exists, meaning the unity that is present in every struggle that North Carolina A&T makes to reach the higher plains. I have truly found the "Rare Essence in Aggieland".

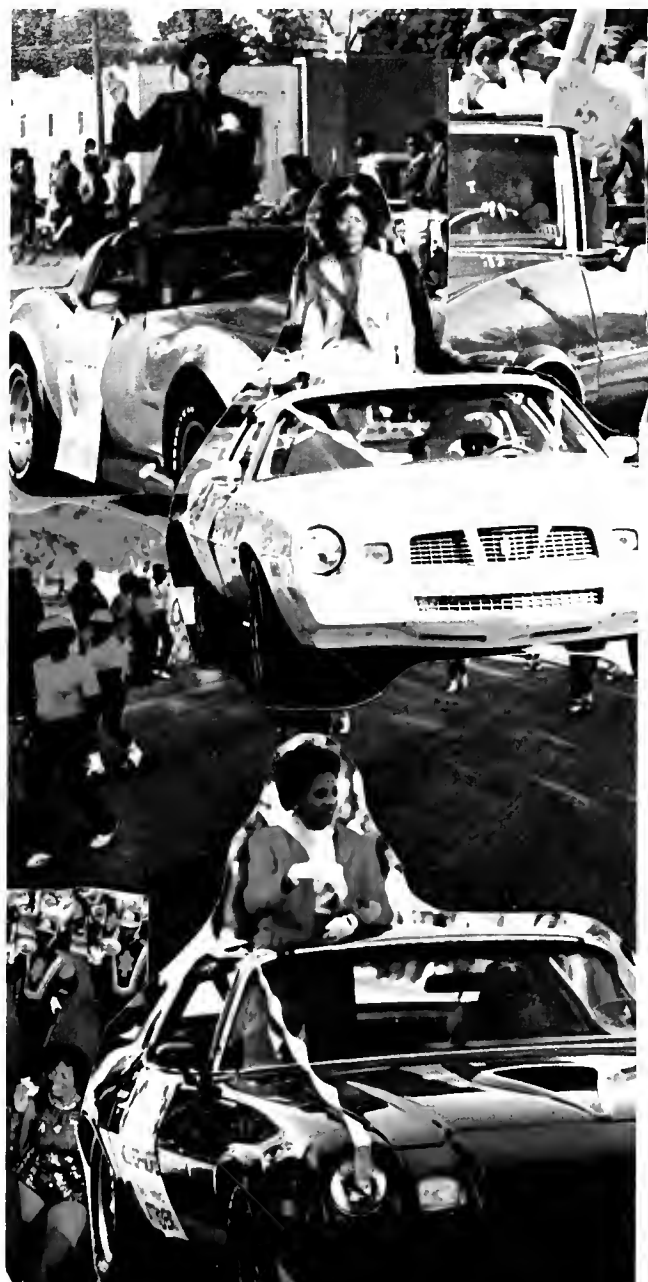

To the student body, I want to thank you for making this dream come true. I hope that you have experienced the true love which I have found as an Aggie! To Dr. Fort, Administrators, Faculty and Staff, and most of all my family, I want you to always remember that you have helped me make this year the greatest of all, and I have truly realized that I am Aggie born, Aggie bred, and when I die, I will be an Aggie dead.

Much Love to the Aggie Family,

Robin Michelle Davis

SECRETARY, AEROSPACE STUDIES

Although flying is the primary mission of the Air Force, it is not the only job that has to be done. In addition to the continuing need for flying personnel, there is always a need for scientific, engineering, and medical specialists (health professions), as well as management personnel. But whatever an

individual's speciality, the officer must also be an imaginative leader and a resourceful manager. In helping to develop such officers, Air Force ROTC has as its mission to recruit, educate and commission second Lieutenants through a college campus program in response to Air Force requirements.

LEARNING ASSISTANCE CENTER

DR. ALFONZO GORE

Creating alternative perceptions.

A closely related view of the dynamics of conflict is offered in the ideas developed by Mrs. Hodge.

The Learning Assistance Center is organized to provide special services to students who need assistance in strengthening their reading communication and computational skills. The objective of this program is to help each enrollee to develop a foundation for completing his or her college career. The program provides special classes in English, reading and mathematics. It offers tutorial services and helps the enrollees to develop study skills.

HISTORY OF THE DELTA SIGMA THETA SORORITY, INC.

At the inception of Delta Sigma Theta in 1913 at Howard University, the Founders envisioned an organization of college women pledged to serious endeavor and community service. These youthful students demonstrated a vital concern for social welfare, academic excellence, and cultural enrichment. Today Delta Sigma Theta is a public service Sorority, dedicated to a program of sharing membership skills and organizational services in the public interest. In 1930, Delta Sigma Theta was incorporated as a national organization. The record of incorporation is filed in the Congressional Library in the Office of the Recorder of Deeds in Washington, D. C.

On November 17, 1911, sacred to all Omega Men, the Omega Psi Phi Fraternity was born on the campus of Howard University. Founders of this first greek letter Black fraternity on a Black college campus were Edgar A. Love, Oscar J. Cooper, Frank Coleman, and Ernest E. Just. The fraternity was founded with the belief that "Friendship is essential to the soul," thus this became the fraternity motto. The cornerstones of Omega Psi Phi Fraternity, Inc. are its four cardinal principles—Manhood, Scholarship, Perseverance, and Uplift. Since its founding, Omega has grown from the Mother Chapter, Alpha, at Howard to some three hundred graduate and undergraduate chapters throughout the United States and six international chapters, which collectively claim nearly 60,000 Omega men.

STUDENT UNION ADVISORY BOARD

Mona Davis President

Left to Right: Mona Davis, Pres., Fentress Martin, Treas., Shelia Haggins, R.S., Desiree Steadman, Publicity, Diana Partlow, Social Affairs, Crystal Culbreth, Minority Affairs

The Student Union Advisory Board, through its committee structure, has the following specific responsibilities:

1. To present the expressed feelings and concern of the student body in matters of policies and programs to the staff of the Union.
2. To set the guidelines by which committees shall organize and develop their programs.
3. To set the guidelines by which committees shall establish their annual program budgets.
4. To review possible recommendations for revisions of all annual programs and program budgets submitted by committees.
5. To consider the desires of alumni, faculty and friends of the University as they relate to their use of the Union during the on-going school year and on special occasions.
6. To establish and administer a General Program Fund to be available for use by committees in emergency situations and upon request.

Utilize Recognized Channels For Change.

THE MEMORY OF THE SENIORS

Over the years, thru the joys and the pain,
The joys will still always remain.
All the friends we made thru the years,
Sharing our laughter and our tears.

We may leave but we will never forget,
All the accomplishments we achieve and set.
How we struggled in our homework and life,
To make everything perfect, to make it just right.

Indeed the good times have covered the bad,
When we leave, we just might be sad.
Sad to have come so far, leaving many things behind,
But glad to have made it and learned how to survive.

As we walk out in today's world right now,
We will have the experience and know-how.
But these advantages are not enough,
Competition in the job market will be tough.
We've come a long way we know,
But we still have a long way to go.

Block with dazzling blue, a winning choice for June's busy campus life. Long-sleeve sweater, \$27; pleated skirt, \$29—both in acrylic knit by Present Company. Cardigan in mohair and nylon by Esprit, \$59.

June's favorite hookups? Soft, nubby textures that really work together. Like this shawl-collar vest in wool, acrylic and polyester, \$40. Ruffle-collar cotton blouse, \$39. Cotton corduroy tapered-leg pants, \$44. All by Esprit. For more information, see page 132.

JUNE JONES—CLASS OF '85

Hailing from Long Island, N.Y., June is a sophomore at North Carolina A & T State University. After graduating with a degree in accounting, she plans to continue her education both in and out of the classroom. "My life is an ongoing education," says June. "I may change subjects, but I'll never stop learning."

WE'LL BE GLAD WHEN
THE DAY IS OVER"

FALL '82 LINES. A FEW
MORE MILES TO GO

THE GRADUATE SCHOOL

DR. A.W. SPRUILL

Graduate education at North Carolina Agricultural and Technical State University was authorized by the North Carolina State Legislature in 1939. The authorization provided for graduate training in agriculture, applied science and allied areas of study. An extension of the graduate program, approved by the General Assembly of North Carolina in 1957, provided for enlargement of the program to include teacher education as well as such other programs of a professional or occupational nature as might be approved by the State Board of Higher Education.

OBJECTIVES OF THE GRADUATE SCHOOL

The Graduate School of North Carolina Agricultural & Technical State University offers advanced study for qualified individuals who wish to improve their competence for careers in professions related to agriculture, applied science, education, science research, technology, the humanities and the social sciences. Such study of information and techniques is provided through courses of study leading to the Master of Science degree and through institutes, workshops, and individual courses designed for those who are not candidates for a higher degree but who desire advanced work in certain fields of study. Second, the Graduate School provides the foundation of knowledge and of techniques required for those who wish to continue their education in doctoral programs at other institutions. Third, the Graduate School assumes the responsibility of stimulating and encouraging scholarly research among students and faculty members.

It is expected that, in the course of their studies, graduate students (1) will have acquired special competence in at least one field of knowledge, (2) will have developed further their ability to think independently and constructively; and (3) will have developed and demonstrated the ability to collect, organize, evaluate, and report facts which will enable them to make a contribution in their field of study.

NATIONAL ALUMNI PRESIDENT AND MEMBERS ARE ON THE MOVE

A&T National Alumni Association unveils New Alumni Scholars Program.

The A&T National Alumni Association, under the leadership of Dr. Velma Speight, was involved in a number of special projects for the University. These projects included providing of \$10,000 for scholarships for nursing students and for a special review course to assist the nursing students in improving their passage rate on the licensure examination. The alumni chapters were also actively involved with the University's enhanced student recruitment and retention efforts.

The alumni continued to achieve recognition and esteem in their respective communities. This period was marked by the promotion of 1955 graduate, Charles David Bussey, to the rank of brigadier general in the United States Army. Bussey is the first A&T ROTC graduate to attain this rank. **Promoting A RECORD YEAR.**

"I HAVE A DREAM"

I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but by the content of their character.

I have a dream today.

I have a dream that one day . . .

little black boys and black girls will be able to join hands with little white boys and white girls and walk together as sisters and brothers . . .

When we let freedom ring, when we let it ring from every village and every hamlet, from every state and every city, we will be able to speed up that day when all God's children, black men and white men, Jews and Gentiles, Protestants and Catholics, will be able to join hands and sing in the words of that Old Negro spiritual, "Free at last! Free at last! Thank God almighty, we are free at last!"

—Dr. Martin Luther King, Jr.

VS NORTH CAROLINA STATE

THE ALMA MATER

Dear A. & T., Dear A. & T.,
A monument indeed!
Around thy base with grateful hearts
Behold thy students kneel.
We Bless the power that gave thee
birth
To help us in our need.
We'll ever strive while here on earth
All loyalty to yield.

Chorus

With joy, with joy, dear A. & T
Thy students turn from thee.
To spread their trophies year by year
From Dare to Cherokee.

II

Dear A. & T., Dear A. & T.
The signet thou shalt be,
Set by our own great
Commonwealth,
Proud boaster of the free;
She'd have the record of her worth
On granite not inscribed,
Nay, Let the children of her birth
Proclaim it by their lives

III

Dear A. & T., Dear A. & T
Hence forth our aim shall be,
By precept wise and deeds more sure
To bless the State through thee.
The arts of industry to yield
Against the idle foe,
A harvest rich from ripened fields
Of what thy students sow.

GENERAL INFORMATION

North Carolina Agricultural
and Technical State University

HISTORICAL STATEMENT

North Carolina Agricultural and Technical State University was established as the A. and M. College for the "Colored Race" by an act of the General Assembly of North Carolina ratified March 9, 1881. The act read in part:

That the leading object of the institution shall be to teach practical agriculture and the mechanic arts and such branches of learning as relate thereto, not excluding academical and classical instruction.

The College began operation, during the school year of 1890-91, before the passage of the state law creating it. This curious circumstance arose out of the fact that the Morrill Act passed by Congress in 1890 earmarked the proportionate funds to be allocated in bi-racial school systems to the two races. The A. and M. College for the White Race was established by the State Legislature in 1889 and was ready to receive its share of funds provided by the Morrill Act in the Fall of 1890. Before the college could receive these funds, however, it was necessary to make provisions for Colored students. Accordingly, the Board of Trustees of the A. and M. College in Raleigh was empowered to make temporary arrangements for these students. A plan was worked out with Shaw University in Raleigh where the College operated as an annex to Shaw University during the years 1890-1891, 1891-1892, and 1892-1893.

The law of 1891 also provided that the College would be located in such city or town in the State as would make to the Board of Trustees a suitable proposition that would serve as an inducement for said location. A group of interested citizens in the city of Greensboro donated fourteen acres of land for a site and \$11,000 to aid in constructing buildings. This amount was supplemented by an appropriation of \$2,500 from the General Assembly. The first building was completed in 1893 and the College opened in Greensboro during

the fall of that year.

In 1915 the name of the institution was changed to The Agricultural and Technical College of North Carolina by an Act of the State Legislature.

The scope of the college program has been enlarged to take care of new demands. The General Assembly authorized the institution to grant the Master of Science degree in education and certain other fields in 1939. The first Master's degree was awarded in 1941. The School of Nursing was established by an Act of the State Legislature in 1953 and the first class was graduated in 1957.

The General Assembly repealed previous acts describing the purpose of the College in 1957, and redefined its purpose as follows:

"The primary purpose of the College shall be to teach the Agricultural and Technical Arts and Sciences and such branches of learning as related thereto; the training of teachers, supervisors, and administrators for the public schools of the State, including the preparation of such teachers, supervisors and administrators for the Master's degree. Such other programs of a professional or occupational nature may be offered as shall be approved by the North Carolina Board of Higher Education, consistent with the appropriations made therefor."

The General Assembly of North Carolina voted to elevate the College to the status of a Regional University effective July 1, 1967.

On October 30, 1971, the General Assembly ratified an Act to consolidate the Institutions of Higher Learning in North Carolina. Under the provisions of this Act, North Carolina Agricultural and Technical State University became a constituent institution of The University of North Carolina effective July 1, 1972.

Six presidents have served the Institution since it was founded in 1891. They are as follows: Dr. J.O. Crosby, (1892-1896), Dr. James B. Dudley, (1896-1925), Dr. F.D. Bluford (1925-1955), Dr. Warmoth T. Gibbs (1956-1960), Dr. Samuel DeWitt Proctor, (1960-1964), and Dr. Lewis C. Dowdy, who was elected President April 10, 1964. Dr. Cleon F.

Thompson, Jr., served as Interim Chancellor of the Institution from November 1, 1980 until August 31, 1981. Dr. Edward B. Fort assumed Chancellorship responsibilities on September 1, 1981.

PURPOSE AND OBJECTIVES OF THE UNIVERSITY

North Carolina Agricultural and Technical State University is one of the two land-grant institutions located in the State. It is a comprehensive University with an integrated faculty and student body offering degrees at the baccalaureate and master's levels.

The purpose of the University is to provide an intellectual setting where students in higher education may find a sense of identification, belonging, responsibility, and achievement that will prepare them for roles of leadership and service in the communities where they will live and work. In this sense, the University serves as a laboratory for the development of excellence in teaching, research and public service.

The program of the University focuses on the broad fields of agriculture, engineering, technology, business, education nursing, the liberal arts and science.

The major objectives of the University as approved by the faculty in 1977 are as follows:

1. To help students to improve their communication skills
2. To assist students in developing their power of critical thinking
3. To aid students in developing self-confidence and a positive self-image
4. To assist students in developing indepth competence in at least one subject area
5. To insure adequate career preparation for students that will enable them to lead productive lives
6. To develop innovative instructional programs that will meet the needs of a diverse student body
7. To develop and maintain undergraduate and graduate programs of high academic quality and excellence

The self is found where there is personal awareness, reflective thinking, ethical and aesthetical discrimination, appreciation for all mankind. Ron McNair has possessed all of these qualities of self.

McNair is one of the nation's first three Black Astronaut candidates.

Edolphus Towns, a 1956 graduate of A&T State University, became the first A&T graduate ever to be elected to Congress. Towns won the 11th Congressional seat from Brooklyn.

A native of Chadbourn, N. C., Towns majored in Sociology at A&T. Towns is currently the first black to serve as Deputy Borough President of Brooklyn.

LIFE

Life! I know not what thou art,
But know that thou and I must part;
And when, or how, or where we met
I own to me's a secret yet.

Life! we've been long together,
Through pleasant and through cloudy weather;
'Tis hard to part when friends are dear —
Perhaps 'twill cost a sigh, a tear;
Then steal away, give little warning,
Choose thine own time;
Say not good night — but in some brighter clime
Bid me good morning.

ANNA LETITIA BARBAULD

Travis Kelly
April 1, 1962 October 30, 1982

DO NOT STAND AT MY GRAVE AND WEEP,
I AM NOT THERE, I DO NOT SLEEP,
I AM A THOUSAND WINDS THAT BLOW,
I AM SUNLIGHT ON RIPENED GRAIN,
I AM THE GENTLE AUTUMN RAIN,
WHEN YOU AWAKEN IN THE MORNING'S HUSH,
I AM THE SWIFT UPLIFTING RUSH
OF QUIET BIRDS IN CIRCLED FLIGHT,
I AM THE SOFT STARS THAT SHINE AT NIGHT,
DO NOT STAND AT MY GRAVE AND CRY,
I AM NOT THERE, I DID NOT DIE,
I AM WITH YOU EVERYWHERE.

IN MEMORY OF BORIS MVUSI

The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: He leadeth me beside the still waters. He restoreth my soul: He leadeth me in the paths of righteousness for his name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies: thou anointest my head with oil; my cup runneth over. Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord for Ever.

PSALM 23

A SUMMING UP

Sometime ago, I was deeply gratified and moved by the confidence expressed by my adviser in appointing me to the position as Editor-In-Chief for our 1982-83 Ayantee.

Questions were directed to me regarding my ability in facing trouble with courage, disappointment with Aggie spirit, triumph with humility, comprehending campus news, joining together imprinted images and printed words, and turning same into recorded sounds. Well, that made me think, then and later, about academic matters to which this incident was related. "It helped me realize that there is no sense in my attempting ever to flee from circumstances and conditions which cannot be avoided but which I might bravely meet and frequently mend and often turn to good account." My mind immediately focused on a "Biblical episode related in the First Book of Kings, in which the Lord appeared to Solomon and declared that He would grant him one request." Solomon responded: "O Lord, grant unto me an understanding heart . . ." Combining the wisdom of Solomon and the patience of a saint with the hide of a rhinoceros and the stamina of a bull, my reply was "Yes" to each question, my adviser asked.

Because of understanding, we have produced a quality yearbook with much joy and happiness. However, joy and happiness are never complete unless they are shared. In that respect we were indeed fortunate to have the following persons lending valuable time and extending worthwhile contributions:

The material in this book is presented with brevity in such a way that there is a balance between each activity. These pages which we regard as symbolic of the dignity and prestige of this great University will forever be remembered.

To our new Chancellor, Dr. Edward B. Fort and Family, we hope that you will enjoy your first yearbook. To the Aggie Family, we have tried to provide a fellowship of adventures—Here is a great symbol of the

known,

but we leave behind

an even richer symbol of the unknown.

In the final analysis, this yearbook is meant for _____
